CALL FOR PAPERS

RESSD-2022

International Conference on
Role of Energy for Sustainable Social Development
8-9 August 2022

IEEE Power & Energy Society Nepal Chapter since its establishment has been conducting activities to uplift the research and practices in electrical power and energy sector. The International conference on "Role of Energy for Sustainable Social Development" is a step forward. The conference would provide a common platform for researchers, academicians and practitioners from Universities, Industries as well as Government organizations to disseminate their knowledge and findings for the sustainability of the electrical power and energy sector. Authors are welcome to submit their original research findings for the following conference tracks (but not limited to) with focus on electrical power & energy sector development:

Conference Tracks

- Power Generation, Transmission and Distribution
- Power System Quality, Reliability and Stability
- Distributed Generation
- Power Conversion Technologies
- Microgrids
- Smart Power Grid
- Socio-economic Aspects of Sustainable Energy System
- Sustainable Power and Energy System
- Energy for Sustainable Social Development
- Sustainable Energy Policies
- IoT Applications in Power System

Key Dates

- Paper Submission Deadline (extended):
  01 August 2022
- Paper Acceptance Notification:
  4 August 2022
- Camera Ready Paper Submission:
  6 August 2022
- Registration of Authors:
  by 6 August 2022
- Registration of Participants:
  by 7 August 2022
- Conference Date:
  8-9 August 2022
- **Paper Submission to:**
  ieeepesnp@gmail.com

Papers are to be submitted in IEEE conference paper format (https://www.ieee.org/conferences/publishing/templates.html) and must be minimum of 4 pages and not more than 6 pages.

Registration Fees

National

Student Author: NPR 5000
Author / Participant from Academia: NPR 10000
Author / Participant from Industry: NPR 12000

International

Student Author: USD 100
Author / Participant from Academia: USD 200
Author / Participant from Industry: USD 300

Organized By

IEEE Power & Energy Society Nepal Chapter, Kathmandu, Nepal

Co-organized By:

Khwopa College of Engineering, Bhaktapur, Nepal
Khwopa Engineering College, Bhaktapur, Nepal

IEEE PES Power & Energy Society® Nepal Chapter
