

Event Schedule (All timings are in IST)

| | | | |
|---------------------------------------|--|---|---|
| DAY 1 – March 26, 2021 | 10:30 am | Inaugural Ceremony | |
| | 11:00 am |  | Prof. Ved Ram Singh Advanced nano-sensors and smart systems for ubiquitous healthcare |
| | 12.30 pm | Lunch Break | |
| | 1.30 pm |  | Prof. Rajendra Patrikar Signal processing using nanoelectronics and MEMS |
| DAY 2 – March 27, 2021 | 3.00 pm |  | Prof. Dimitri Van De Ville Dynamics of large-scale fMRI networks: transient activity as the key to access rich network interactions |
| | 10:00 am |  | Dr. Nitin Kale MEMS based sensors for chemical and biochemical sensing applications |
| | 11:30 am |  | Prof. Anubha Gupta EEG data capture and processing to infer functional brain network connectivity |
| | 1.00 pm | Lunch Break | |
| | 2.00 pm |  | Prof. Uttama Laheri Signal Processing in healthcare technologies for diagnostics and rehabilitation |
| 3.30 pm | Feedback, Valedictory and Event Closure | | |
