M V Chauhan Paper Contest: A brief report

M V Chauhan All India Student Paper Contest 2015 tried to bring together all IEEE students members of India to discuss the latest advancements and future directions in the areas of IEEE. The contest invited full paper submissions from undergraduate and postgraduate students in all areas of interest to IEEE in the Engineering, Technology and Science. This year it was floated by IEEE India SAC Team under the leadership of IEEE India Council -Vice Chair (student’s activities) Dr Preeti Bajaj and online submission system by easy chair was made available to the students for submission of papers. Three prizes were declared as First: Rs. 12000; Second: Rs. 8000; Third: Rs. 5000 in UG and PG category.

Total 20 good quality papers from 37 authors were submitted right from IIT Kanpur, IIT (BHU), Jadhopur University, Amity, CSIR, DA –IICT and many other reputed institutions. 13 reviewers have reviewed the work based on originality of the work, organization, Literature review, and concept. Top 5 papers have been shortlisted out of whom three have presented during Indicon-2015 on 20th December in New Delhi. The jury members were Professor Shivaji Chakrobarty and Mr Anthony Lobo. The Three participants were given travel fair and declared with three prizes as given below.

1. Paper id 1, Prashant Gupta from Manav Rachna College of Engineering entitled as ‘Class-AA LED Based Portable Novel Sun Simulator’ won First prize in Undergraduate Category of Rs 12000/-
2. Paper id no 6 , Ponnaganti Pavanifrom IIT Kanpur, entitled as ‘Binary Genetic Algorithm Based Reconfiguration of Distribution Systems having Distributed Generations’ – won second prize under Postgraduate category of rs 8000/-
5. Paper id 16 A Mercy Latha from CSIT-CEERI entitled as ‘Asymmetric High Efficient Multi-stage Depressed Collector for Space Applications’- won first prize under PG category of rs 12000/-
