

IEEE India Council Outstanding Student Branch Award

Introduction

This award is to recognize the contributions made by the IEEE student branches under IEEE India Council, in increasing the awareness of IEEE and the value addition the branch has brought in to the campus.

Purpose

The purpose of this award is to identify vibrant Student Branch under IEEE India Council that has been very active throughout the year. Conducted quality events for the benefit of students/members, and helped in promotion of IEEE and its mission.

Scope

Based on the performance of a student branch, IEEE India council may decide on the winner for the prevailing contest year. If no student branch is found to be suitable, no award will be given in that year.

Eligibility

All student branches with more than 20 IEEE student members are eligible to submit the application.

Nomination Conditions

Nominations should come from the Chair/Branch Counselor of the Student Branch. The Section Chair must endorse and sign the Nomination Form. It should reach IEEE India Council Awards Chair before deadline.

Basis of Selection

The award will be decided based on various factors like the current membership count, growth of members, number of seminars, symposiums, colloquiums conducted in the year, Papers published/presented in various forum by members, awards won by members, significant value addition to the campus.

Selection Committee

The Awards Committee reviews the submitted nominations, selects and endorses the recipients for approval by India Council. The decision of the India Council as approved by the India Council Chair will be final.
