

Virtual & Augmented Reality For Dummies

by Paul Mealy

2018/ 356 Pages / Paperback / Rs. 479 (On Amazon India)

ISBN: 978-8126577071/ Wiley India

For such a large-scale technology revolution that is about to happen in the VR/AR space, there are very few books that address Virtual Reality outside of programming language specific "How to program VR applications." There is a huge market for a book that offers an easy to understand primer on Virtual Reality and Augmented Reality and how it will affect the future. Rather than focus on a specific piece of hardware (HTC Vive, Oculus Rift, iOS ARKit), or software (Unity, Unreal Engine), the book focuses to offer a broad look at VR/AR/MR -- what they are, a history of the technologies, how they are being used currently, how they will affect the reader both professionally and personally in the future, and where things could go from here.

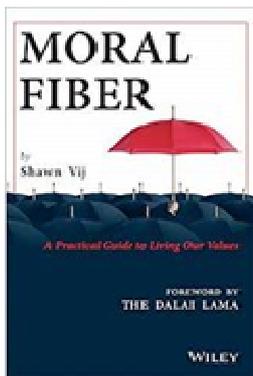

Enriching Your English

Moral Fiber: A Practical Guide to Living Our Values

by Shawn Vij

2019 / 208 Pages / Paperback / Rs. 358 (On Amazon India)

ISBN: 978-8126519385/ Wiley India

This practical guide is filled with tips, tales, and tools to identify and eliminate toxic behaviors and motivators, as well as priceless lessons from top industry leaders and powerful research from academics, moral fiber is the ultimate guidebook on how to create a thriving business and career while staying true to who you are and what you believe. Taking an innovative and secular approach to business Ethics, moral fiber shows us how living our values unlocks a more purposeful life and career. According to the author, while most companies are designed to make profit, they are now adapting to meet new social and political expectations and we are starting to see a shift from cut-throat business to conscious capitalism as more millennials enter the

workplace. It also highlights how capitalism and compassion must co-exist to improve our human conditions. This book helps us to re-discover the inherent core values, such as fairness, respect, compassion, and honesty, and then how to genuinely Act on them daily.

21 Difficult Conversations: Tools to Navigate Your Most Important Talk and Master Exactly What to Say

by Dr Latha Vijaybaskar

2019/ 184 Pages / Paperback / Rs. 399

ISBN: 978-1794149403 / Independently Published

We all experience difficult conversations. Difficult conversation is emotional, high stakes, or challenging for at least one of the people involved. Some are planned, and we dread the path, while some are spontaneous and catch us by surprise. You might be the initiator of a difficult conversation or the receiver. In this book, the author helps you navigate 21 such difficult conversations. From saying a no, giving feedback, delivering bad news, turning debates to dialogues, to going back to an old, hurtful incidents and dealing with irrational and sometimes insensitive talk, this book is filled with life affirming primers. The most exciting part of the book

is the "exactly what to say" section, weaving together the conceptual and the anecdotal with the practical and commonsensical. You'll learn to: Live fully and not skirt around the perimeter of relationships; Talk your differences and not avoid relationships because of a few small errors; Say no and not feel bad, say sorry and smile, speak from the heart and be respected; and Connect with customers, colleagues, and friends at a far deeper level. A great self-help book. The author's facebook group "Handling Difficult Conversations" aims to bring more people together and share productive ways to solve issues.
