Editorial:

This is the twenty-ninth newsletter I've edited. This one is being edited with the very latest stable version of Libre Office – 7.6.7. 2.

After the March fuss about IEEE fellows I can mention that Professor Lyria Bennett Moses just got made a fellow of the Royal Society of NSW. She was active in the NSW section a few years ago before moving up to the Australia section. I got to learn about it because I happened to attend the RSNSW lecture where she was given her scroll.

On a similar note . I can mention that Kushbo Singh recently got promoted at UTS, which I learned about on Linked-In. She was a member of the team that got the Eureka award that we fussed about here last year. I'm not sure that her getting mentioned here anything to do with it.

This Circuit is late again. As usual, the message from the chair was the last item to arrive.

Chair's Message for July 2024

We have had a number of very successful events so far in 2024, and there are many more to come, so stay tuned!

If you need any support or guidance, you can reach out to me or any of the committee members, IEEE New South Wales section current committee details are available on section's webpage:

<https://r10.ieee.org/nsw/committe/>

One of the important tasks on my list is to make all our Student Branches fully functional and active. We have made some progress in this. Student branch officers have taken up roles where required and have started planning for the year. Several events have already been hosted and we are looking forward to more in upcoming months. We have also managed to move our monthly section meeting around to different universities. We have been hosted at my University of Technology Sydney (UTS), University of Sydney, Western Sydney University, and Macquarie University. I am looking forward to having at least one in University of New South Wales (UNSW) and meeting an active team there. We have had a good collaborative event with our chapters and Affinity groups (YP and WIE). I would like to express my appreciation of this coordination and collaboration and I hope we can keep it up.

In the interest of providing international exposure and opportunities to our volunteers, the NSW section has made open calls for applications to attend IEEE ANZSCON (Australia and New Zealand Students and Young Professionals Congress) 2024 in New Zealand, IEEE Convene 2024 in Hawaii, and IEEE SYWL (Students, Young Professional, Women in Engineering, and Life Members Congress) 2024 in Japan. The section had provided sponsorship to attendees to represent NSW section. They will be sharing their valuable experiences soon.

I would also like to express my appreciation our active chapters for the good work they do hosting events and submitting event reports to vtools. I would like to remind our chapter chairs to plan and host enough events to meet the minimum number that avoid the risk of their chapters being closed down. If a report has not been filed in vtools, the event is not counted, please do so, to make sure it does get counted.

We are working to restore IEEE NSW Unite and the IEEE NSW Fellows dinner for our members, the dates will be passed on when they are finalised.

To conclude, I would like to draw your attention to our awards and recognition program. If you know any great volunteers, please nominate them for IEEE NSW section awards.

You can find more information at:

<https://r10.ieee.org/nsw/awards-recognition/>

Regards, Syed Muzahir Abbas - Chair, IEEE NSW Section

STEM Outreach

The IEEE Educational Activities Board has established the "Global Classroom Visits" platform to connect school teachers and their students with engineers and facilitate STEM outreach activities, promoting engineering as a career amongst school students.

For example, a teacher may contact any IEEE member registered with the Global Classroom Visits platform to give an online talk about their experiences and career as an engineer to school students.

NSW Section members are encouraged to participate in this initiative as part of the Section's broader STEM outreach activities. To participate, please register and complete the online training (a couple of short videos) about interacting with school students and IEEE requirements for volunteers working with children. To start the registration process please go to

https://docs.google.com/forms/d/e/1FAIpQLSd6zppdIONIKyXw7GUPJYXDxPAbV5hBgo9GvPUFzB2uda0Ksg/viewform_Upcoming_R10_Conferences

If you have any questions or are interested in supporting other local outreach activities, such as running TryEngineering workshops in local schools, please don't hesitate to contact the NSW Section STEM Outreach Coordinator.

For further information on NSW Section STEM outreach activities and contacts please see

<https://r10.ieee.org/nsw/stem-education-support/>

Graham Town
NSW Section TISP (STEM Outreach) Coordinator
30/5/2024

Editor's note. This is worthy stuff - I got sucked in when Graeme Gwilliam was running it. How effective it is is anybody's guess, but it's got to be more effective than not doing anything.

IEEE NSW Section Outstanding Volunteer Awards 2024

The poster features the IEEE logo on the top left. The main title 'IEEE NSW Section Presents Outstanding Volunteer Awards' is prominently displayed. Below the title, a mission statement reads: 'Recognising the contribution NSW members make to the IEEE and its vision of advancing technology for the benefit of humanity'. A list of award categories is provided: IEEE NSW Outstanding Volunteer, IEEE NSW Outstanding Young Professional, IEEE NSW Outstanding Women in Engineering Volunteer, and IEEE NSW Outstanding Student Volunteer. On the right side, there is an image of four gold stars of varying sizes. At the bottom, there are three lines of small text: 'More information: <http://sites.ieee.org/nsw>', 'Nominations close on 30 August', and '* Available to IEEE NSW Members Only. Join today at www.ieee.org'.

The IEEE NSW Section in 2018 ran the inaugural IEEE NSW Outstanding Volunteer Awards.

This year the Awards include;

- IEEE NSW Outstanding Volunteer
- IEEE NSW Outstanding Young Professional Volunteer
- IEEE NSW Outstanding Women In Engineering Volunteer
- IEEE NSW Outstanding Student Volunteer

More information as well as the Awards Policy and Nomination Form can be accessed at <http://sites.ieee.org/nsw/awards-recognition/>

Nominations will close on 30 September 2024.

Subhas Mukhopadhyay
IEEE NSW Section Awards and Recognition Chair
Email: subhas.mukhopadhyay@mq.edu.au

Nomination Form for one position in the IEEE NSW SECTION (For Executive and Appointed Officers)

Section Executive Officers(Chair/Vice Chair/Secretary/Treasurer) to be elected by electronic vote or at AGM(by the Members); Elected positions by Chapters and Affinity Groups (Chair/Vice Chair/Secretary/Treasurer); Non-elected positions (appointed Officers).

Closing date Monday 30 September 2024 midnight

NOTE: Chapter and Affinity Group Committee Executive positions are elected by the respective Chapter/Affinity Members.

For Section Position Descriptions see: <https://site.ieee.org/nsw/section-position-descriptions/>

Nomination Form Instructions:

Before completing the form, review the following guidelines for nominating a volunteer Candidate:

- (a) Nominators must contact their nominee before submitting the form and confirm their acceptance of the time and other commitments required for the position.
- (b) Nominees must have had at least 2 years on the Committee to nominate for the key positions of Chair, Vice Chair, Treasurer and Secretary.
- (c) Nominees for Section Executive positions should be Senior Member or higher
- (d) Self-nominations require the submission of additional information e.g. CV or SMIEEE referee
- (e) If you are nominating for more than one position, separate forms should be submitted.
- (f) Please note the closing date, completed forms to be emailed to:
Nominations Chair Mahmoud Elkhodr Email: elkhodr@gmail.com

2024 IEEE R10 SYWL Congress

2024 IEEE Region 10 Student-Young Professional-Women in Engineering-Life Member Congress (SYWLC)

is the biennial gathering of volunteer leaders from across the Region, to network, learn and collectively shape the future of IEEE.

IEEE R10 HUMANITARIAN TECHNOLOGY CONFERENCE

1st – 3rd OCT 2024

SUSTAINABLE TECHNOLOGIES SUPPORTING ENVIRONMENT, SOCIAL, AND GOVERNANCE (ESG)

An elite yearly conference spanning several disciplines, IEEE R10 HTC will bring together experts in technology, engineering, science, and finance as well as representatives from NGOs, governments, academia, and industries. The conference will encourage debates and research in the fields of electrical, communication, computing, security, and disaster relief in order to share findings from recent technological developments that can aid the poor and needy. Plenary sessions, keynote talks from renowned academics, tutorials and workshops led by subject-matter experts, presentations of research papers, events for women in engineering and, young professionals, a session on entrepreneurship, and innovation, industry exhibits and booths, and more will be featured.

IEEE R10 HTC 2024, which is organized and hosted by IEEE Kuala Lumpur Subsection, will be held in Kuala Lumpur, 1st – 3rd October 2024. The theme of the conference, "Sustainable Technologies Supporting Environment, Social and Governance (ESG)" is to draw special attention to the societal expectation on humanitarian technologies' ability to provide practical and lasting solutions.

During and after the COVID-19 pandemic, we saw technologies previously precluded were suddenly embraced by majority of the people such as cashless transaction is utilized everywhere and many mobile apps mushrooming providing a variety of services. The impact of these technologies to the environment, social, and governance are tremendous. Thus, this conference will present studies on the sustainable technologies that are able to balance the need for environment, social, and governance.

All the accepted and presented papers will be eligible for submission to IEEE HQ for publication in the form of e-proceedings in IEEE Xplore, which is indexed to the world's leading Abstracting & Indexing (A&I) databases, including ISI / SCOPUS/ DBLP/ EI-Compindex / Google Scholar.

Important Dates:

Full Paper Submission Deadline	:	1st May 2024
Tutorial/Workshop/Special Session Proposal Submission Deadline	:	1st April 2024
Notification of Tutorial/Workshop/Special Session Proposal Acceptance	:	15th April 2024
Workshop/Special Session Paper Submission Deadline	:	1st May 2024
Notification of Acceptance	:	3rd July 2024
Camera Ready Submission Deadline	:	7th August 2024
Early Bird Registration Deadline	:	20th July 2024

Topics covered but not limited to

- Industry 4.0
- Agriculture
- Technologies in Education
- Technologies, Innovations, and Entrepreneurship
- Security and Surveillance
- Machine Learning
- Privacy, Security, and Human Rights
- Data Science and Engineering
- Genomics and Bioinformatics
- Green, Smart Materials, and Composites for Sustainable Habitat
- Environment and Sustainability
- Smart Technologies and IOT
- Smart City and Smart Village
- Energy and Renewable Energy
- Green Technology

IEEE Region 10 Conference 2024 (TENCON 2024)

Artificial Intelligence and Deep Learning Technologies for a Sustainable Future

1-4 December 2024 | Marina Bay Sands | Singapore

www.tencon2024.org

ORGANIZING COMMITTEE

Advisory Committee

Lance FUNG, Australia
Deepak MATHUR, India

General Chairs

Arokiaswami ALPHONES, NTU Singapore
Michael ONG, Singapore Section

Technical Program Co-Chairs

Sanjib Kumar SAHOO, NUS Singapore
Yee Hui LEE, NTU Singapore
Christopher H T LEE, NTU Singapore

Finance Chair

Nicholas WONG, SIT Singapore

Publicity Chair

Aishwarya BANDLA, NUS Singapore

Publication Chair

Bin LUO, PR Singapore

Special Sessions Chairs

Shilpa MANANDHAR, NMC Singapore
M.Arif Hussain ANSARI, Huawei Int'l Singapore

Sponsorship Chairs

Ravinder SINGH, Infineon Singapore
Yen Kheng TAN, SIMTech Singapore

Local Arrangement Chairs

Emily HAO, PR Singapore
Chau YUEN, NTU Singapore

IMPORTANT DATES

Paper Submission Deadline: 30 May 2024

Notice of Acceptance: 1 August 2024

Final Manuscripts Submission: 10 September 2024

CALL FOR PAPERS

TENCON is a premier international technical conference of IEEE Region 10, which comprises 60 Sections, 6 Councils and 42 Sub-sections in the Asia Pacific regions. The theme for TENCON 2024 is Artificial Intelligence and Deep Learning Technologies for a Sustainable Future and it will be held in Singapore from December 1-4, 2024.

This conference is expected to bring together researchers, educators, students, practitioners, technocrats and policymakers from across academia, government, industry and non-governmental organizations to discuss, share and promote current works and recent accomplishments across all aspects of electrical, electronics and computer engineering, and information technology. Distinguished speakers will be invited to deliver keynote speeches and invited talks on trends and significant advances in the emerging technologies.

The online electronic paper submission will open from 1 March 2024. The scope of conference papers and exhibits include but not limited to the following areas:

- Artificial Intelligence and Machine Learning
- Data Analytics and Big Data
- Robotics, Control, Instrumentation and Automation
- Signal Processing and Image Recognition
- Computational Intelligence
- Network and Cyber-Security
- Communications and Networks
- RF/Millimeter-wave Circuits and Systems
- Antennas, Propagation and Computational EM
- Analog and Mixed Signal ICs
- Optical Communications and Sensors
- Photonic Technologies
- Internet of Things/MEMs Sensors
- Power Electronics
- Power Generation, Transmission and Distribution
- Electrical Motors and Drives
- Renewable Energy Sources and Technology
- Electronic Devices and Materials Processing
- Nano-electronics
- 3D Printing
- Quantum Technologies
- Education in Engineering and Technology
- Biomedical Engineering and Healthcare Technologies
- Sustainable Building and Environment Technologies

TENCON 2024 will feature both invited and contributed papers. The best papers will be selected from the contributed papers for awards. The presented papers will be submitted to IEEE Xplore which is indexed by major databases. Prospective authors are invited to **submit full papers** that are **three to four pages**, with **double column IEEE Conference format**.

Organised by:

LEARN WHAT YOU NEED TO KNOW TO EXCEL AS AN ENGINEER

NOW AND INTO THE FUTURE

Great engineers do more than master one discipline. They understand the bigger picture. How other areas intersect.

Engineering Education Australia's new digital learning platform, EEA Online is the most **direct**, **accessible** and **relevant** way to equip you with that knowledge.

It's **direct** because you learn curated insights straight from subject matter experts.

It's **accessible** because you can study anywhere, anytime and at a pace you choose.

It's **relevant** because you're being trained in leading-edge practices with a real-world context.

COURSES

- AS/NZS 3000 – The Wiring Rules
- Contract Foundations
- Enhancing Project Performance
- Introduction to the Building Code of Australia
- Project Planning, Scheduling and Control
- Risk in Engineering
- Safety in Design
- Solar Battery Storage
- Solar Power System Fundamentals
- Starting in the Australian Engineering Workplace
- Systems Thinking in Engineering
- The Engineering and Design Lifecycle
