- 1) Sections Congress: Mike is going to Ottawa Canada to represent QLD Section; His flights are paid by Section (as advance), Mike is paying for his hotel accommodation; Mike will be reimbursed by MGA for all the expenses; Upon receipt of reimbursement, Mike will return the loan money to QLD Section.
- 2) IEEE Short Course for 28 August is proceeding as planned; Registrations numbers are a bit lower than anticipated, however, the event is proceeding. Team is working on securing more registration so that Section can breakeven / make some money. If there are no more registrations section will have to pay \$1200. If there is one more registration will reach breakeven.
- 3) Field Trip to Gilmour Space Technologies - This was pencilled in for August, however, it might need to be delayed until we find a person who is able to lead this activity. A champion need to be arranged to run this session.
- 4) AGM Venue: AGM venue is confirmed; Deposit is being paid; Speaker / Entertainment updates to be shared by Rahul.
- 5) Approval for Budget for two-day short course in November by AESS chapter in conjunction with Old Crows organization. This request was brought to committee last meeting and was deferred; Section Chair strongly supports this event and deems it as low risk. From this activity, Section

expects to make money. So “total cost” is in fact negative. Further update was given by Vaughan. Approval of this moved to the next meeting. To breakeven around 12 registrations are required.
